EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Douglas Hahm on August 17, 2007.

The application has been amended as follows:

Cancel Claims 23-32, 37 & 42.

In **Claim 22**, line 20, after "predetermined point" insert --; and wherein said locking device comprises a rocker tiltably mounted on said running carriage, said rocker having two stop faces shaped to abut against a stop on each of said support rail and pull-out rail--.

In **Claim 38**, line 1, change "37" to --22--.

In **Claim 39**, line 1, change "37" to --22--.

In **Claim 41**, line 1, change "37" to --22--.

In **Claim 44**, line 21, after "predetermined point" insert --; and wherein said locking device comprises a rocker tiltably mounted on said running carriage, said rocker having two stop faces shaped to abut against a stop on each of said respective support rails and pull-out rails--.

2. The following is an examiner's statement of reasons for allowance: The prior art to Rock et al., both the '567 & '750 references, appeared to be the closest related piece of evidence. However, the cited references failed to define a "pull-out guide assembly"

as set forth in the claims. Specifically, the references by themselves or in combination do not reasonably disclose a locking device comprising a rocker tiltably mounted on the running carriage as structurally stipulated that is able to function as claimed in combination with the other elements recited.

3. Since the application was in condition for allowance except for the presence of claims 23-32 & 42 directed to a species that was non-elected without traverse, the claims were cancelled accordingly.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James O. Hansen whose telephone number is 571-272-6866. The examiner can be reached on Monday-Friday between 8-4:30 pm.
